It does "nothing extenuate nor set down aught in malice," while it does not foolishly and unjustly clevate the negro above the white man in intellect or moresis.

It exhibits a true picture of negro life in the South, instead of abundly representing the ignorant slave as possessed of all the polish of the drawing room, and the refinement of the ducated whites.

And instead of turning away the audience in tears, the author has wisely consulted dramatic taste by having virtue ries and deprivations, conducted to happiness by the hand of Him who watches over all.
